Pereles Bros., Inc. Partners with the Chirch Global Manufacturing Network

Milwaukee, WI – June 26, 2012 – Pereles Bros., Inc., one of Milwaukee's most reputable plastic injection molding companies, has partnered with the Chirch Global Manufacturing Network, a fast-growing, service-oriented manufacturing organization that allows small and midsize manufacturers to collaborate in order to expand their global reach and service a larger, more diverse customer base.

"We are honored to partner with such a distinctive organization," says Ted Muccio, president of Pereles Bros., Inc. "Our parallel business philosophies, along with our joint focus on ethical operational practices, high-quality product and service standards and exceptional customer service makes good business sense and helps to provide customers around the world with a solution designed to fit their desired needs."

Launched in 2011 by Chirch Global Manufacturing, LLC, the Chirch Global Manufacturing Network consists of 15 small- to medium-sized manufacturing companies located in the Midwest that combine their tool-and-die, metal stamping, fabrication, and other capabilities and resources to offer a high-quality, one-stop global manufacturing resource. The network now consists of more than 1,200 employees, more than 925,000 square feet of factory/warehouse space, and aggregate annual revenue of more than \$200 million. For more information, visit www.chirchnetwork.com.

"Pereles Bros., Inc. is one of the most distinguished plastics companies in Wisconsin and adds a new dimension to our collaborative manufacturing business model," says Anthony L. Chirchirillo, CEO, Chirch Global Manufacturing, LLC. "Including Pereles Bros. in the Chirch Global Manufacturing Network achieves an unprecedented level of cooperation among manufacturers in the Chicago to Milwaukee corridor for the benefit of our customers."
